SUBJECT Capital and Revenue Accounts of Residential Buildings in the Electrical Deptt 42-43, 43-44

No. E.D.S. 323-25 dt 31-7-1946.

To, The C. E. E.
" Controller to G.O.I.
" Auditor, E. D.

Directs that the question of revising the rent rules of the Deptt may lie over for the present &c.,

Ap 20/8.

Capital and Revenue Accounts of Residential Buildings in the Electrical Department for the year 1942-43.

Continuation Sheet. File No. Current No. of Page.

Letter No. 646/Spl dated the 19th January 1945 from the Comptroller to Govt submitting the Capital and Revenue Accounts of residential buildings in the Electrical Dept for 1942-43 with an explanatory note and financial statements received from the Auditor, Electrical Dept, for the information and orders of Govt.

1) The Comptroller to Govt has remarked on the above accounts that there has been delay in the submission of the returns by the Auditor, Elec. Dept and that he has been instructed to arrange for its prompt submission in future. As regards the financial results, the Comptroller states that they show a loss of 5 per cent on the Capital Cost, as against 5.09 per cent during the previous year (1941-42). He has also observed in this connection that the practice of allocating the repair charges on a pro rata basis appears to have continued in respect of some buildings during this year (1942-43) also and that preparation of individual repair estimates as laid down in G.O. No. E.D.S. 695-98 dated the 16th September 1941 should be insisted upon. The C.E's remarks may be called for in this print.

2) The Auditor has suggested a revision of the monetary limit fixed for levying

Capital and Revenue Accounts of residential building of the Electrical Department for the year 1942-43.

[C. F. 69]

Continuation Sheet. File No. / Current No. of Page. L. 1924

vent, so that a large number of officials who are drawing a salary of Rs 100 and less may be brought under the rent rules to ensure an improvement in the return on the Capital invested and ~~that~~ the Comptr. States that this point is for the Consideration of the Chief Electrical Engineer and Govt. Submitted for orders whether the C.E.E. may be requested to offer his remarks on this point, before submission to Govt. A draft letter is herewith put up for approval or other orders.

Hgf 1/ Suggested levy of rent in the case of officials drawing a salary of Rs 100 & below (who are now exempted) for occupation of departmental quarters on the ground that the return on capital invested has been very low. The C.E.E. contends that it is in the interests of good work and revenue that these are provided with Govt quarters near the place where their duties lie & that it is not desirable to levy rent on them. He further suggests that even those drawing above Rs 100 be exempted from rent for reasons mentioned in paras 4 & 5 of his letter dated 8th / 9th Feb 1945.

According to rent rules, buildings may be classed as under:-

Class I:- Buildings from the rentals of which adequate return is expected on the capital cost to cover maintenance and interest on capital invested.

Class II:- Buildings from the rentals of which an adequate return is not expected from the capital cost.

In the case of Electrical Department all the residen-

residential buildings are classed under Class II and the residential quarters in the case of officials drawing Rs.100/- and below are free of rent. In the case of other Departments (P.W.D.), rent under Class I is assessed at 7/12% P.M. of the capital cost or 10% of salary whichever is less. In view of most of the buildings in Electrical Department being rent-free, the yield is so low as 0.73% as seen from the results of 1943-44. As opined by the Comptroller it is high time that we revise the rent rules of the Electrical Department and we may at least recover 5% of the salary as rent in the case of officials drawing Rs.50/- to Rs.100/-. This will to a certain extent improve the rent yield and an official drawing Rs.50/- should not grudge to pay a rent of 5% i.e., Rs.2-8-0 when officials of other Departments are equally entrusted with responsibilities and are paying exhorbitant rent charges.

Department, 1943-44. The financial results are noted in the margin. The reason for the rent yield being so poor as 0.73% is due to the fact that the residential buildings of the Electrical Department are allowed rent-free in the case of officials drawing a salary of Rs. 100 and ~~below or at reduced rents in the case of others~~ levy of only 3½% rent/p to others on Capitation or in certain places. It is seen from the report that as against 4429 Buildings occupied by the employees of the Department during 1943-44, rent was levied on 96 buildings either for the full year or part thereof. Whatever the reason may have been to give rent-free houses/ or concessions in rent in the past when the Departmental officers had to live in out of the way places like Sivana-samudram, these reasons no longer exist. The rates of pay to the staff are as good, if not better than other Departments. I therefore think that the time is come when these rent-free concessions may be abolished or at least modified. I therefore suggest that officials drawing salary of Rs. 60 and above may be brought under the ordinary rent rules and rent levied as per rules and a ~~rent of 5%~~ concession of ½ the rent given in respect of all officials drawing below Rs. 60.

22) The C.E.E. is of the opinion that it is not desirable to modify the rent rules of the Electrical Department

Capital and Revenue accounts of dealings of the Electrical Deptt. for

Serial No.

D No 1251

in accordance with the suggestions made in D° letter No 9295 1513 dated the 22nd January 1946, based on the Financial Secretary's observations in para 16 above. On the other hand, the C.E.E. contends that all employees be given rent-free quarters. Submitted for orders.

23) The C.E.E. is of opinion that the inference that ~~free~~ rent free quarters are given to the employees of his deptt. for the simple reason that they have to live out of the way places is not correct; that residing of officers & officials nearest to the Power Station is an essential need of an essential department like the Electrical Deptt. so as to be readily at hand at all hours to attend during emergencies; that the cost of building should form part of the Cost of the stations and equipment and the total capital invested in the department should be calculated to determine whether the deptt. is yielding adequate return or not rather than calculate the return on the segregated capital invested on the residential buildings; that all over the world electrical undertakings provide quarters for their employees nearest to power houses and most of these are given free of rent and ~~under-stated~~ recommends that instead of increasing the rent, the old procedure that was in vogue in the Deptt. for a long time of giving all employees rent free quarters may be revived for securing maximum efficient service from the employees.

Submd. for orders.

3/4) The reasons given by the CEE for continuing the existing practice with regard to the levy of rent on Govt buildings do not seem to be quite convincing.

3/5) Even in the Railway department which is one giving essential services, most giving employees are charged rent for Govt buildings. The mere fact that buildings are provided near the power house to facilitate efficient working does not entitle all the employees to rent free quarters.

The restrictions on the movement of the employees referred to by the CEE is nothing peculiar only to this department. Depending on the nature of work of every employee the restrictions necessary in the interest of work are imposed by all essential services.

2/6) The financial Secy may be consulted in the matter.

2/7) C.E.E's letter dated 15-1-46 (Report w/s/t minutes Secy) for perusal. RM 26/1

2/8) The reasons given by the C.E.E are far from convincing. The P.W.D & Ry Depts can put forth very similar ideas. Where quarters are not available, it is but right that Govt should build them particularly in case of essential services. But this is no argument for giving them free. In my opinion, the Elec Dept should be brought on the same lines w/s/t to the renting of Govt. quarters as in other Depts. There is no case for opening

considered by Govt already before issuing orders thereon. The additional points now put forth by the CEE do not seem to have much force. Even the employees of the Elect. deptt cannot undertake any private work applies generally to all Govt Servants. CEE further States that the present times are bad & it is inopportune to levy the rent. The question of the times is true for all Govt Servants. That the efficiency of the Elect. deptt is likely to suffer is no point calling for revision of orders.

Secy) 25/2

Orders on the question of charging rents for Govt. quarters, in the Elec² Dept were passed by Govt very recently after very detailed consn. The C.E.E. is again pressing the same question and requests the continuance of the concessn of free quarters enjoyed upto now. The add² points put forth are

(i) The Elec² employees are not to undertake any private work :— This applies to all Govt. servants & is not peculiar to the Elec² Dept

(ii) Present times are bad :— So they are for all & not merely for the Elec² Dept employees

(iii) Effy will suffer :— All departts can plead the same excuse. The employees have to discharge their duties properly.

There is no force in the new arguments & the orders passed may stand. The C.E.E may be told that it is irregular not to give effect to Govt orders.

NOTE—Contn. Sheet.

OFFICE OF THE COMPTROLLER TO THE GOVERNMENT OF
HIS HIGHNESS THE MAHARAJA OF MYSORE,

No. 646/ Spl. *Bangalore, dated* 19th January 194 5.

From

M. SHAMANNA, Esq., M.A.,
Comptroller to the Government of
His Highness the Maharaja of Mysore,
BANGALORE.

To

The Secretary to Government,
Electrical Department,
B a n g a l o r e.

Sir,

Capital and Revenue Accounts of Residential Buildings in the Electrical Department for the year 1942-43.

--

I have the honour to forward, herewith, the Capital and Revenue accounts of residential buildings in the Electrical Department for the year 1942-43, with an explanatory note and financial statements received from the Auditor, Electrical Department, for the information and orders of Government.

In spite of special efforts, there has been delay in the submission of this Return. The Auditor, Electrical Department is instructed to arrange for its prompt submission in future.

The Financial results of the year show a loss of 5% on the Capital cost against 5.09% in the previous year. The Auditor reports that the practice of allocating the repair charges on a pro-rata basis appears to have continued in respect of some buildings during this year also. Preparation of individual repair estimates as laid down in G.O.No.EDS. 695-98 dated 16-9-1941 should be insisted upon. The Auditor also suggests a revision of the monetary limit fixed for levying rent so that a large number of officials who are drawing a salary of Rs100/- and less may be brought under the rent rules, to ensure an improvement in the

return on the Capital invested. The point is for the consideration of the Chief Electrical Engineer and Government.

I have the honour to be,
Sir,
Your most obedient servant,

Comptroller.

SIP
19/1

Govt. of Mysore. Electrical Department.

Capital & Revenue Accounts for the year 1942-43 of Government Residential Buildings let or available for rent.

I. Classification. All the residential buildings of the Electrical Dept. come under Class II, i.e., buildings from the rentals of which an adequate return on the Capital Cost is not expected as the buildings are allowed rent free in the case of officers drawing a salary of Rs.100 and below. The usual rate of 10% is charged for those drawing a salary in excess of Rs.100 except those residing at Shimshapura, Sivasamudram and K.G.F., who have to pay rent at half the usual rate, as per G.O. No.EDS.759 dated 12/14-9-1939.

II. Number of Buildings. The total number of buildings at the end of the year stood at 421 as against 406 in the previous year. The buildings shown in the Annexure 'C' are brought to account during this year for the first time as they have been either newly constructed or converted into residential buildings during the year.

III. Capital Outlay during the year. The additions to Capital Cost during the year amounted to Rs.53,769, being the outlay incurred on the construction of new buildings or on improvements or addition to the buildings already in existence (vide Annexure 'C').

IV. Maintenance Charges. The total maintenance charges for the year for all the residential buildings stand at Rs.5,724/- as against Rs.9,383 in the previous year. The decrease is due to debiting the cost of special repairs to several buildings which are in existence for over 25 years in Sivasamudram Section, amounting to Rs.3,330/- to "Depreciation Fund" instead of to "Maintenance". The practice in this Department of allocating the

P.T.O.

repair expenses on a pro rata basis appears to have continued in respect of some buildings during this year also. The Sectional Officers have been requested to implement the orders of Government in EDS.695-98 dated 16-9-41 regarding preparation of estimates for each building to see that annual maintenance charges are kept within the permissible limit in all cases.

V. Interest. The interest charges calculated at 5% as per G.O. No.4114-18 dated 19-12-40 on the Capital Cost of Rs.15,18,935 amounted to Rs.77,095 as against Rs.70,605 in the previous year.

VI. Financial Results. The total interest and maintenance charges amounted to Rs.82,819. Rent realised from officers in receipt of salary exceeding Rs.100 stood at Rs.8,067 as against Rs.8,032-9-0 in the previous year. Though the realisations of the year is at par with that of last year all the sanctioned posts whose maximum pay exceed Rs.100 in the moffusil and where residential quarters were provided for the incumbents were not filled up by officers in receipt of pay of over Rs.100/-. And in cases where promotions were ordered with retrospective effect arrears of rent are being recovered in instalments since final orders of Government directing the recovery of rent with retrospective effect have been received during 1944-45. Besides this, most of the officers in Gazetted Rank have not reached the maximum pay of their respective grades and consequently the return during the year is below that of the year 1940-41. The rent revenue works upto only .53% of the Capital Cost and less than the return of the previous year by .04%. Against 421 buildings occupied during the year rent was levied on 61 buildings either for the full year or part thereof the rest (~~359~~ 360) being allowed rent free. An improvement

if not an adequate return on the Capital invested may be expected if the monetary limit fixed for levying rent is suitably reduced to bring within the orbit of the rent rules, a large number of officials who are drawing salary less than Rs.100/- also, since under the present rules no rent is recoverable from such of the officials who are in receipt of salary of Rs.100 and less.

J. Venkataramayya

AUDITOR,
Electrical Department. 16/1

Arrears of Rent Outstanding at the end of the Year.

Section.	Previous balance.	Assessments during the year	Realisations during the year.	Closing balance.
1) Sivasamudram.		2,937 14 -	2,927 14 -	10 - - (A)
2) Kankanhalli.		1,063 - -	1,037 8 -	25 8 - (B)
3) Mysore.		1,236 8 -	1,236 8 -	
4) Kolar Gold Fields.		1,263 8 -	1,263 8 -	
5) Bhadravati.		345 10 -	345 10 -	
6) Supdt. of Lines.		75 - -	75 - -	
7) Shimshapura.		2,332 6 -	1,181 6 -	1,151 - - (C)
8) Bangalore.		..	..	..
		9,253 14 -	8,067 6 -	1,186 8 -

'A'. The arrears has been recovered in July 1943.

'B'. Arrears recovered in July 1943.

'C'. 1. 682-8-0 has been claimed from the Police Staff. The demand has since been withdrawn as the Police Staff are entitled to rent free quarters.

2. 465-8-0 is due from the Co-operative Society Staff as per G.O. No.EDS.3672 dated 11-5-42.

3. 3-0-0 has been recovered during 1943-44.

The above statement excludes the rent recoverable from officials who were given increments with retrospective effect.

Sir,

In forwarding herewith a copy of Comptroller's letter No. 646/Spl dated the 19th January 1945 on the above subject, I have the honour to invite reference to para 5 of G.O. No. E DS 695-98 dated the 29th December 1943 reviewing the report for the year 1941-42 & stating that instructions contained in G.O. No. E DS 695-98 dated the 16th September 1941 re

List of enclosures.....

Copied by.....

Examined by.....

The preparation of individual repair estimates of buildings may be strictly adhered to in respect of the report for 1942-43 and to request to be kindly informed of the circumstances in which the practice of allocating the repair charges on a pro rata basis has been continued in respect of some buildings during this year (1942-43) also.

2. I am further to observe, in this connection, that the Comptroller has submitted for consideration, the question regarding the revision of the monetary limit for levying rent to improve the rent returns on the buildings and to request that ~~some~~ views in the matter may be kindly furnished for the orders of Govt.

3 The Capital & Revenue Accounts for 1942-43 are herewith sent in original for reference & have etc

(F. No. 45] GOVERNMENT OF MYSORE

Phone

OFFICE OF
The Chief Electrical Engineer
to the Govt. of Mysore,
Camp Mysore,

No. 1911?.
Encls. one c&R a/c in original

Date 8th February 1945.

To

The Secretary to the Govt. of Mysore,
Electrical Department,
Bangalore.

Sir,

Subject:- Capital and Revenue Accounts of Residential Buildings in the Electrical Department for 1942-43.

---

1. In returning herewith the above noted report, sent with your letter No.EDS-2249 dated the 27th ultimo, I have the honour to state that a detailed report in the matter of execution of repairs of buildings and pro rata adjustment of annual maintenance charges on residential buildings especially at Sivasamudram and Shimshapura is under submission to Government separately.

2. As for the levy of rent on officials drawing a salary of ₹100/- and below for occupation of departmental quarters suggested by the Comptroller, I have the honour to invite your kind reference to this office letter No.11597 dated 10th December 1943 1944 and to state that the quarters are being provided to the employees of this department in the interests of work and not for the benefit of the employees. Therefore the levy of rent to officers and officials drawing a salary above of/₹100/- and has itself adversely affected the enthusiasm of the people for service in emergencies out of their regular working hours.

3. I am still of the opinion that the procedure of allowing all officials and officers of the department to occupy Government quarters free of rent will have to be restored, if full benefit of their services is to be secured and period of interruptions, which frequently occur, is to be reduced to a minimum with consequential benefits in the shape of prevention of loss of revenue due to prolonged shut-downs and also goodwill of the consumers due to less inconvenience caused.

4. While the Comptroller suggests a revision due to the low return obtained, I have to state that the benefit derived by the provision of free quarters is to be evaluated in the work turned out

P.T.O.

by the employees of the department and not in the direct return, as calculated from the rent recovered from the employees of the department.

5. I therefore earnestly request Government to kindly arrange to restore the benefit that was enjoyed by the employees of this department, viz., their being permitted to occupy Government quarters free of rent, as the benefit to be derived both in the shape of additional revenue due to shorter period of interruptions and willing service to be secured at all times of the day and night will more than compensate the apparent loss due to non-recovery of rent from the employees.

I have the honour to be,
Sir,
Your most obedient servant,

MH-CSC.

Chief Electrical Engineer.

BANGALORE
Regd. No. 969
Dated 17-12-1945

Sir,

Capital and Revenue Accounts of Residential Buildings in the Electrical Department for the year 1943-44.

**

I have the honour to forward, herewith, the Capital and Revenue Accounts of residential buildings in the Electrical Department for the year 1943-44, with an explanatory note and financial statements received from the Auditor, Electrical Department, for the information and orders of Government. A copy of the Auditor's letter dated 7-12-1945 explaining the reason for the delay in the submission of the account is also enclosed.

From the financial results of the year, it is seen that there has been some improvement in the return on the capital invested. The percentage of rent realised on capital cost increased to 0.73% during the year from 0.53% in the previous year and the net result for the year shows a loss of 4.7% on capital cost against 5% in the previous year.

I have the honour to be,
Sir,
Your most obedient servant,

M Shamanna

Comptroller.

SM
14/12

GOVERNMENT OF MYSORE. ELECTRICAL DEPARTMENT

Capital & Revenue Accounts of Government Residential Buildings let or available for Rent, relating to the year 1943-1944.

I. Classification:-

All the Residential Buildings of the Electrical Department come under Class II, viz., Buildings from the Rentals of which an adequate return on the Capital Cost is not expected as they are allowed either rent free in the case of officers drawing a Salary of Rs.100 and below, or at reduced rents in the case of others. The usual rate of 10% is charged in the case of those drawing a Salary in excess of Rs.100, excepting those residing at Shimsha New Project, Sivasamudram and K.G.F. who are required to pay rent, at half the usual rate, as per G.O. No.EDS.759 dated 12/14-9-1939.

II. Number of Buildings:-

The total number of Buildings at the end of the year stood at 429 as against 421 in the previous year. The Buildings shown in Annexure 'C' have been brought to account for the first time as they have been either newly constructed or converted into Residential Buildings during the year. (One of the Buildings attached to Devanahally Sub-section - B.P.L. - which was omitted to be shown by oversight in the previous return has now been included).

III. Capital Outlay during the year:-

The addition of Rs.30,862 to Capital Cost during the year 1943-44 represents the outlay incurred on the Construction of new Buildings besides additions and improvements effected in respect of some of the Buildings already in existence (vide details in Annexure 'C').

IV. Maintenance Charges:-

The total maintenance charges for the year under report for all the residential buildings amounted to Rs.6,680 as against Rs.5,724 incurred in the previous year. The practice of allocating the repair expenses on a pro-rata basis has been continued in respect of some buildings during this year also. Orders of Government have since been issued (vide G.O. No.EDS.895-97 dated 3-10-45) approving of the proposal of the Chief Elecl. Engineer to arrange for the preparation of a consolidated estimate for each type of building, the cost incurred being distributed pro rata, separate Repair Estimates being got prepared in respect of each building occupied by Gazetted Officers.

V. Interest:-

The Interest calculated at the rate of 5% as per G.O. No.4114-18 dated 19-12-40 on the total Capital Cost of Rs.15,65,214 has amounted to Rs.78,391/- as against Rs.77,095 in the previous year.

VI. Financial Results:-

The total Interest and Maintenance Charges have worked up to Rs.85,071 and the Rent realised from the Officers who are in receipt of Salary exceeding Rs.100 amounted to Rs.11,440-15-0 as against Rs.8,067 in the previous year. The percentage of rent revenue realised for the year works up to .73 on the total Capital Cost, which shows an increase of .20% over the return of the previous year. Against 429 buildings occupied by the employees of the Department, during the year, Rent was levied on 96 buildings either for the full year or part thereof.

Copy of Letter No.-dated 7th December 1945 from the Auditor, Electrical Department, Bangalore, to the Comptroller in Mysore, Bangalore.

Capital and Revenue accounts of Government residential Buildings for 1943-44.

**

Adverting to your letter No.178/Spl. dated the 1st September 1945, I have the honour to forward herewith the "Capital and Revenue Accounts" of residential buildings of the Electrical Department for the year 1943-44, together with an explanatory statement and financial statements (A to E) for being forwarded to Government for their information and orders.

In this connection, I wish to state that the delay in the submission of this Return is due mainly to the belated receipt of the Capital and Revenue accounts from the several Sectional Offices of this Department, and partly in obtaining certain additional particulars from the Sections in the course of compilation of the Return in this office.

As the Report for 44-45 has also fallen due, effective steps are being taken to obtain the necessary Capital and Revenue Accounts from the Sectional Offices expeditiously.

D-O/66&DS 1513 ~~dated~~ 22nd, jan, 1946.

(~~Continuation~~ sheet draft form).

To—

The Chief Electrical Engineer
Bangalore

Subject.—Capital and Revenue Accounts of Residential Buildings of the Electrical Department for the year 1943-1944.

Dear Mr. Hayath,

With reference to the above, received from the Comptroller Vide letter No. 1133/8pl dated the 14th December 1945, I am desired to state that the financial results are formed to be as noted in the margin. The reason for the rent yield being so poor as 0·73 per cent is due

Capital outlay	Rent Receipts		Arrears + Maintenance charges		Loss.
	Annual	Percentage	Annual	Percentage	
Rs	Rs		Rs		
15·65 lakhs.	0·11	0·73.	0·85.	5·44.	4·7 %.

WD 03697—GPB—30,000—2-2-46

due to the fact that the residential buildings of the Electrical Department are allowed rent free in the case of officials drawing a salary of Rs 100 and less and there is a levy of only 3½% on capital cost or 5% of salary to others in certain places. It is seen from the report that as against 429 buildings occupied by the employees of the Department during 1943-44, rent was levied on 96 buildings either for the full year or part thereof. Whatever the reason may have been to give rent-free houses or concessions in rent in the past when the Departmental officers had to live in out of the way places like Sivasamudram these reasons no longer exist. The rates of pay to the staff are as good, if not better than other departments. In the circumstances, I am to request you kindly to offer your opinion as to why the rent free concessions should not be abolished

G. R. S. App. F. G. 3.

GENERAL AND REVENUE SECRETARIAT.

(*Continuation sheet draft form*).

or at least modified. It is suggested that officials drawing a salary of Rs60 and above be brought under the ordinary rent rules and rent levied as per rules and a concession of half the rent leviable given in respect of all officials drawing below Rs60/-.

I shall be obliged for a very early reply in the matter.

Yours sincerely,

KW/19/1/46.

OFFICE OF THE CHIEF ELECTRICAL ENGINEER
TO THE GOVT. OF MYSORE.

D. O. No. 678

BANGALORE 23rd January 1946
(S. INDIA)

24

Dear Mr. Joshi,

Subject:- Capital and Revenue Accounts of Residential Buildings of the Electrical Department for the year 1943-44.

I have for acknowledgment your D.O.letter No.EDS-1513 dated the 22nd instant, on the above subject, and in reply wish to inform you that the inference that rent free buildings were given to the employees of the Electrical Department for the reason that they had to live in out of the way places is not correct. Residing of the officers and officials of the department nearest to the Power House is an essential need of an essential service department like the Electrical Department. Providing of rent free quarters to the employees of the department is not to be considered as a concession, but has to be considered as an essential necessary expenditure to have all the employees ready at hand to attend to troubles that develop in the stations and in the distribution system. The benefit to be derived from employees being housed in a place where they will be available at a moment's notice is more than compensates the loss referred to by the Comptroller.

The employees who are housed in Government quarters are compelled to stay in all the 24 hours of the day and only leave the quarters with the specific permission of the Officer-in-charge and these restrictions are being placed on their movements to secure the maximum service for the department at all times. I am sure you will agree that a little relaxation in the rent to be levied for the quarters to be occupied by the employees is too little a compensation for the restriction imposed on the movements of the individuals. Therefore I am strongly of the opinion that the cost of buildings should form part of the cost of the stations and equipment and the total capital invested in the department should be calculated to determine whether the department is yielding adequate return or not rather than calculate the return on the segregated capital invested on the residential buildings.

All over the world electrical undertakings provide quarters for their employees nearest to power houses and places where they could be secured at a moment's notice and most of these are given free of rent, and as such instead of increasing the rent, as suggested in your letter, I have to recommend that the old procedure that was in vogue in the department for a long time of giving all employees rent free quarters be reintroduced.

P.T.O.

In this connection I invite your kind reference to my letter No.19117 dated 8/9th February 1945 and letter No.11597 dated 10th December 1943, wherein full explanation has been furnished for the recommendations made above. It is sincerely hoped that the giving of rent free quarters will be considered by Government as a matter necessary for securing maximum efficient service from the employees and not as a concession granted to them.

Yours sincerely,

K. D. Joshi, Esq., M.A., B.E., etc.,
Secretary to the Govt. of Mysore,
Electrical Department,
BANGALORE.

SECRETARY TO GOVERNMENT P. W. I. ELECTL. & RYS. Date 25/2

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Electrical Department, BANGALORE.

Rec'd No. 1516 Date 25-2-1946

Sir,

Sub: Rent leviable on the employees of the Electrical Department for occupation of Government Quarters.

I have the honour to acknowledge the Govt.Order No.EDS.1779-82 dated the 14th February 1946 conveying orders of Government revising the rent leviable on the employees of the Electrical Department for occupation of Government quarters, and to state as follows:-

2 The question of levy of rent for the Government quarters occupied by the employees of the department has been coming up for consideration almost every year due to the reason that the Comptroller compiles the account of the capital cost invested in the construction of the residential buildings and the actual rent realised and the actual return works out to a low figure. Every year the department has been placing before Government the peculiar facts about the service in this department and the necessity for continuing to give all the employees the rent-free quarters. The recent order received appears to me to have been based upon the consideration that the employees of this department should be treated similar to some other departments like Revenue, etc.

3 I must in this connection bring to the notice of Government that the employees of the Electrical Department are made to reside close to the Power Houses in the quarters constructed at Government cost NOT for convenience of the employees but purely and simply in the interest of the departmental work. The employees who are housed in Government quarters are compelled to stay in all the 24 hours of the day and only allowed to leave the quarters with the specific permission of the Officer in-charge of the Colony. These restrictions are being imposed on their movements to secure the maximum service from them for the department at all times. When the employees are compelled to stay in a particular place in the interest of work, it is but right that certain relaxations in the levy of rent areneces-sary. Their stay in the Government quarters makes them to be available for work in emergencies even though they have completed during the 24 hours their period of work already. This extra work that is obtained by the department from the employees compensates more than the so-called loss calculated by the Comptroller in the return on the capital invested in the residential buildings. ~~Therefore~~, Whenever estimates are prepared the capital cost in providing residential quarters for the employees is also included and, therefore, the entire capital has to be considered as a single item and the total return on the capital so invested is to be determined. There is absolutely no reason for segregating the capital invested on the residential buildings and work out a nominal return while the total capital brings in a fair return on the capital invested.

4 Further I may mention that the employees of the Electrical Department cannot undertake any private work as there is no such thing for them as 'Off Duty' hours. They are liable to be called in at any time of the day or night irrespective of the fact whether they

F. T. O.

have completed their normal duty of hours or not and made to work, and this is necessary if continuity of service is to be maintained and the loss of revenue reduced to a minimum by reducing the number of interruptions and also by reducing the period of interruptions if one were to occur. Unless the facility of providing Government quarters is resorted to, the efficiency of service in the Electrical Department is likely to suffer and it is but ~~right~~ fair that the employees be given the benefit of rent-free quarters for the additional service rendered by them during the 24 hours of the day. Above all I must bring to the notice of Government that the employees of the department are living under extremely difficult conditions of life at the present moment. The fixed income they secure in the shape of their salary is not enough to make a comfortable living in these costly days and, therefore, I wish to place before Government with all the force at my command that this is a very inopportune moment to levy any additional charge on any fixed salary employee of the Government reducing his net income by even a small amount ~~and hence~~ For the reasons enumerated above and specially taking into consideration the difficult times we are passing through, I earnestly request Government to reconsider their orders already passed and continue the concessions that are being enjoyed by the employees of the department for sometime longer until conditions improve if, however, it is still considered that it is not possible to re-establish the rule that was in force before 1933.

5. In conclusion I also invite a kind reference to my letter No.28011 dated 1st June 1942 in this connection and Government Orders thereon in No.EDS.4259-61 dated 25th June 1942.

6 Pending orders on this recommendation of mine, the orders already issued are kept in abeyance.

I have the honour to be,
S i r,
Your most obedient servant,

MH/MA.

Chief Electrical Engineer.

Proceedings of the Government of His Highness the Maharaja of Mysore.

Electrical Department.

R e a d:

Letter No.EDS.2725 dated the 26th June 1941 to the General Superintendent, Cauvery Power Scheme, requesting him to examine the question of providing rent free quarters to the officials of the Electrical Department and submit his recommendations in the matter as to which categories of officials should be provided with rent free quarters.

2. Letter No.28011 dated the 1st June 1942 from the General Superintendent, Cauvery Power Scheme, offering his remarks in the matter and requesting that the existing practice of allowing rent free quarters to a few employees of the Department may be permitted to be continued in the interests of efficiency and prompt attention to the work of the Department.

Order No.EDS.4259-61, Dated, Bangalore, 25th June 1942.

Government are pleased to direct that the present procedure of providing quarters in moffusil places to the executive as well as the clerical staff of the Electrical Department be continued, under the circumstances explained by the General Superintendent, Cauvery Power Scheme.

Sd/ D.S. Venkanna,
For Secretary to Government,
Electrical Department.

Letter No.28011 dated 1st June 1942 from the General Superintendent, C.P.S., Bangalore, to the Secretary to Government, Elecl. Deptt., Bangalore.

Subject:- Quarters for the Electrical Department staff.

--

With reference to correspondence ending with your letter No. EDS.3035 dated the 24th March 1942 in the matter of providing quarters for the Ministerial Staff, such as, Stenographers, Draftsmen, etc., in the Electrical Colony, I have the honor to state that the department has provided quarters for all the staff, inclusive of the Ministerial at Sivasamudram, Shimshapura, Jankanhally, Bhadravati and Kolar Gold Fields, the reason for such a procedure being that the Electrical Colonies are situated far away from towns and the staff is unable to secure any building for rent within a reasonable distance of the place. At Mysore quarters are provided for a few executive staff and the Store-Keeper and at Bangalore no quarters are provided for any of them. Therefore provision of quarters at Bangalore for essential executive staff is under the active consideration of the department.

In the case of Sub-Section, the staff of the Electrical Department consists of mostly executive staff and the Accounts Clerk and the Store-Keeper, the Accounts Clerk being also in charge of the Stores is required to be near the Power Station, as much as the executive staff, to issue necessary materials in times of emergency. Therefore provision of quarters for the executive staff and the Store-Keeper, who is also an Accounts Clerk, is essential and in the interests of the work of the department. However, there are a few places where the number of installations are more than 500 requiring the services of a Bill Clerk in addition to the Accounts Clerk and the Store-Keeper. Such cases are not more than half a dozen in the entire department and mostly in District Headquarters. Even in these places the Bill Clerks have also been provided with quarters for the following reasons.

The Electrical Colony as a rule has been situated at a safe distance from the town proper, so that the Colony may be free from any infection from epidemics that generally seasonally crop up at these places. Therefore the Bill Clerks are unable to find quarters at a reasonable rent within a short distance of these colonies where the office is also situated. Further the very object of establishing Electrical Colonies due to the 24 hours services to be rendered to the department at a safe distance from the town or village will be set aside, if one of the staff is allowed to live in a congested area of the town itself, which is generally the starting point of these epidemics and thus bringing to the Colony any infection that may crop up. The billing for the consumers for the energy consumed by them is as regular a work as maintenance of the service in the installation itself. Therefore it will not be possible to keep away the Bill Clerk for a certain period from the office whenever outbreaks of epidemics like Plague, Cholera, etc., occur in the towns. As the number of Bill Clerks to be provided with quarters in these rural areas is very few, the present procedure may kindly be permitted to be continued in the interests of efficiency and prompt attention to the work of the Department.

Sd/ M. Hayath,
General Superintendent, CPS.
